**Public Consultation Meeting by the Ministry of Municipal Affairs
Re: North Almaguin Planning Board (NAPB)**

Representatives Attending from the Ministry,
Christopher R. Brown & Wendy Kaufman

The Ministry is considering potential changes to the NAPB, further to a request by the Township of Nipissing. The Ministry would like to consult with residents of the six unincorporated townships in the NAPB area.

Presentation followed by an open discussion based on four questions.

-  Are residents satisfied with the planning services being provided by the North Almaguin Planning Board (NAPB)?
-  Would residents be open to having an official plan to guide the NAPB in its decisions?
-  Would residents have any concerns if the planning services were provided at a different office? (The NAPB meets in Powassan).
-  Would residents have any concerns if the planning board were dissolved and the unincorporated townships were served by a different planning board?

- The Local Services Board Executive Meeting to follow.
